

Wigan Canal Boat Records

Lists produced by Professor Timothy Peters on behalf of the Waterways Archives and Wigan Archives Service.

The volumes give details of those boats registered with the Wigan authorities and operating on canals in the Wigan area between 1879 and 1943. Each boat was inspected to ascertain its general condition and state of repair.

The original records from which these details were transcribed are held by the Wigan Archives Service. In many cases further information to those details provided can be found in the original sources; to consult these, please contact the Archives Service

Transcriptions for the following sources are provided below:
